## Kelba KH-WS500

# Aluminium Wheel Chair Platform – Scale

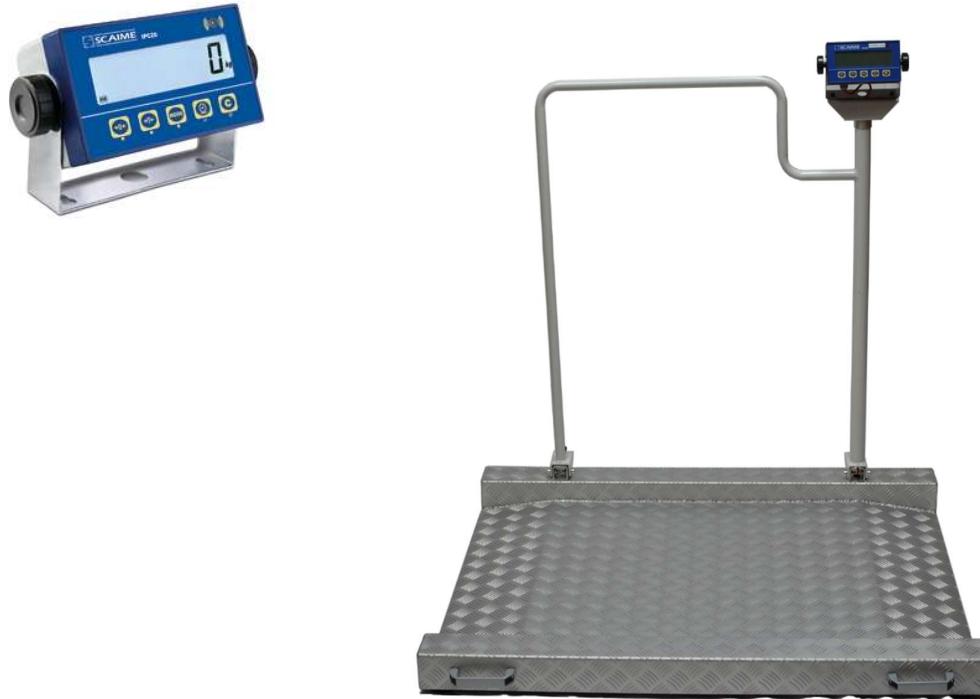

Kelba's **KHWS-500** wheelchair scale offers the user easy and safe access via built-in entry and exit ramps, which aids in reducing discomfort for the person being weighed.

The **KHWS-500** has been designed with portability in mind with wheels and handles located on its side to make moving the scale from place to place an effortless task.

The **KHWS-500** is well suited to a vast range of applications for use with wheelchairs or as a stand on scale.

The **KHWS-500** has a maximum weighing capacity of 500kg which caters for a wide range of weighing applications. The scale includes either a pole **or** desk/wall mountable indicator with a 25mm backlit liquid crystal display, with low power and overload indication.

This scale is not ARTG Listed/ TGA Registered.
